4	910	Minutes of Parish Council meeting held 13th November 2017 approved and signed by the Chairman.																																				
5	911	<p>Monkton Combe School Farm Development Proposals – Presentation to the Council by Mr. Simon Roper.</p> <p>Mr. Simon Roper presented documents outlining proposed development of the Monkton Combe Farm site on Brassknocker Hill which have been prepared by CASA Architects. He informed the Parish Council that he wanted to do a full local consultation and seek support from the community prior to having Pre-Application discussions with B&NES Planners. He has supplied copies of the proposals to all Neighbours and the Parish Council. Feedback to-date had raised issues of materials, the construction phase, and access. He considered that as a result of the sale of the land around the site, the buildings standing on the site were no longer related to the land, and therefore were unlikely to go back into agricultural use and were slowly deteriorating. He indicated that change of use to Kennels or Livery might be an option, but considered that conversion into a quality New Build would be the best way of preserving the Listed View in which the site sits, and that the proposals presented represented an overall reduction in building volume. He stated that only three accidents had been reported at the proposed access point, and that the proposals included funding of highways improvements and overall reduction in traffic accessing the site.</p> <p>In discussing the proposals, the Parish Council expressed the view that Trollopes Hill might be the better access point. Also, that any development within Green Belt, regardless of any merit, required ‘Very Special Circumstances’ to justify the defined harm caused.</p>

	914	<p>Budget for 2018/19 and Parish Precept</p> <p>The clerk presented a proposed budget for consideration and approval. The clerk also reported that there is no requirement for an External Audit next year as Income/Expenditure is less than £25,000. The Parish Council approved the budgeted £100 figure for the audit which represents an increase for the internal audit fee to cover the additional responsibility now attached to this task.</p>																																				

Approved and signed Monday 5th March 2018 Chairman

7	<p>915 The Parish Council carefully reviewed each of the figures presented in the budget. It was considered that substantial Parish and Other Works would be needed in the year, and that the Parish Works budgeted expenditure should be increased from £500 to £4,500 to reflect expenditure of £1,000 to repair and re-surface the village carpark, and £3,000 to replace items of play equipment in the play park. It was also considered that the Other Works budgeted expenditure should be increased from £600 to £1,600 in order that the Parish Council would be able to provide a grant of £1,000 towards the cost of replacing the Village Hall floor.</p> <p>916 It was further resolved that whilst much of the anticipated expenditure should be met from reserves, the precept should be set at £7,268, a £1,000 increase on the previous year's precept, to meet some of this increased expenditure. This precept represents a 15% increase in the average household contribution of the Parish Council proportion of Council Tax. The motion was carried with five votes for, one against, and with one abstention.</p> <p>917 The budget was duly approved with all of the above amendments, yielding a net deficit of £2,757 for the year 2018-19.</p> <p>Parish Matters and Works</p> <p>918 Broadband Improvements for Monkton Combe – Following the attendance of Tony Najdoski of True Speed at the previous meeting there has been much correspondence and discussion. It was reported that no significant progress has yet been achieved. Also that the Parish Newsletter recommended residents signed up for a grant, however, the process is very difficult so not many have done so.</p> <p>919 Neighbourhood Watch – It was reported that white van that had been parked for a prolonged period in Tucking Mill lane has now moved on. It was also reported that the Co-op in Combe Down had been broken into twice very recently.</p> <p>920 Phone Box Mill Lane – The refurbishment of the telephone box as a village information point and book store has been planned and put forward as an appropriate project for funding by the Community Empowerment Fund for the £280 available. The total project cost is £600 and this has been placed in the budget for next year.</p>
